

Attention

Parts & Service Area Managers

Important Safety Information

2020 - DOT HAZMAT

49 CFR HMR Parts 100 ~ 185

Check Your Current Certification Status **Mandatory Certification or Re-Certification Class**

Re-certification is required every three (3) years

An employee certified in 2017 or before, must attend one of these classes to be re-certified.

The MADSIF/CastleRock Risk Management Staff once again is offering the DOT Hazardous Materials Certification Training Seminar for dealership personnel. **The US Department of Transportation (DOT) Regulation requires all businesses that package, ship, handle or store hazardous materials, have at least one employee that is DOT Hazmat Certified.** Hazardous materials referred to in these regulations include thousands of items, many of which can be found in dealerships, for example flammable liquids, air bags, seat belt pretensioners, paints and adhesives.

New for 2020 Class

- ✓ **New requirements for Small Quantity shipping**
- ✓ **New requirements for Lithium Ion Batteries**
 - ✓ **Updated UPS & FedEx shipping**
 - ✓ **Updated employee training**
 - ✓ **Updated training materials**

This DOT Hazmat class is specifically tailored to auto dealership employees and will be held throughout Michigan in February 2020.

"MADSIF is endorsed by MADA"

See next page for dates, locations and registration information.
